

WELCOME TO CHICAGO S.D.A. ELEMENTARY

Tandem HR gives back to Inner-City School

One of the most rewarding acts a person can perform is to give a gift that immediately makes the recipient smile, particularly if that recipient is a child. In today's high-tech world, that usually means the gift of a video game, an iPad, an iPhone or any number of state-of-the-art products on the market today. Tandem HR, however, was able to find children where a simple gift made a world of difference in their lives.

On Friday, September 24th, Yana Kaykov and Luigi Laredo of Tandem HR paid a visit to one of Chicago's South Side schools. Chicago SDA Elementary School, located on the ever-popular Michigan Avenue, is far enough south from Chicago's prestigious loop to be a part of a blue collar community. With many families struggling just to keep food on the table in a tough economy, providing the proper resources for a child's education can be harder than it seems.

Tandem HR took action and helped the students at Chicago SDA by providing them with some of the tools they need in order to succeed in their academics. The students of this small, yet spirited school, were extremely appreciative of Tandem's donation of over 1000 items, including folders, bookmarks and pencils. Giving back to communities is one of the most humbling experiences an individual or corporation can experience. Tandem HR would like to thank Chicago SDA Elementary for their hospitality, uplifting spirits and warm smiles that trumped Tandem HR in the area of giving!
